

Sources for Funding

FIRST LEGO League Coaches,

Please use this list to apply for your robotic needs throughout the year. There are varying deadlines and varying requirements for each. I recommend asking a team parent to help you with the application process.

Also, many times, hotels, car dealerships, restaurants, and grocery stores have funds they want to give away for education. If you have volunteers who are willing to help in this way, you can gain \$100 or \$500 without much effort.

DoD STEM Grant for teams with Department of Defense Mentors:

New coaches with active Department of Defense mentors can contact me in April to prepare for grant that pays toward FIRST Program Registration and Season's Challenge Kit. New teams also might be awarded additional funds to purchase core kits depending on funding for the year.

Please let me know if you receive funding. I like to share success stories with our funding sources.

Sincerely,

Beth Hanning

Director of STEM Education Outreach

Doolittle Institute
